

## Global Capacity Adds New Point of Presence in CoreSite's Denver Market

September 22, 2014

DENVER--(BUSINESS WIRE)--Sep. 22, 2014-- [CoreSite Realty Corporation](#) (NYSE:COR), a provider of secure, reliable, high-performance data center solutions, today announced that [Global Capacity](#), a leading network connectivity company, has expanded its [One Marketplace](#) with a Point of Presence (PoP) in CoreSite's Denver market.

CoreSite's Denver data center campus, located in Denver's central business district, is the most interconnected data center hub in the Rocky Mountain Region, housing over 50 network carriers, along with core national fiber networks and the region's largest Internet peering exchange – the CoreSite Any2® Exchange Denver. Global Capacity's PoP furthers CoreSite's commitment to bringing together a strong network and cloud community to support the needs of enterprises across the country.

"This is Global Capacity's first Point of Presence in a CoreSite facility and we are pleased to have them here in Denver," said Aron Smith, Director of Interconnection Product Management for CoreSite. "Their network procurement and delivery services will benefit our customer community by streamlining the process of obtaining and provisioning bandwidth, thereby simplifying access to scalable connectivity."

Global Capacity's Denver PoP provides an additional interconnection point to the company's One Marketplace, fortifying connectivity to Global Capacity's platform throughout the western United States. This high-demand, key aggregation point enables delivery of diverse route options, competitive pricing and a broad selection of network services to One Marketplace customers, supporting Global Capacity's commitment to delivering extensive network reach.

"Customer demand for more competitively-priced connectivity and lower latency across the West has fueled Global Capacity's Denver expansion," says Ben Edmond, Chief Revenue Officer of Global Capacity. "CoreSite's Denver data center was a natural fit for our expansion given the robust interconnection opportunities located within the facility, and CoreSite's focus upon providing an excellent customer experience."

Global Capacity and CoreSite will celebrate these new announcements with an exclusive launch event on October 1, 2014, from 5:30 to 8:00 MST in downtown Denver. Attendees can request a ticket to attend. Space is limited; click here to [RSVP](#).

### About CoreSite

CoreSite Realty Corporate (NYSE:COR) delivers secure and reliable data center solutions across eight key North American markets. More than 800 of the world's leading enterprises, carriers and mobile operators, content and cloud providers and media and entertainment companies choose CoreSite to connect, protect and optimize their performance sensitive data, applications and computer workloads. Our flexible, high-performance products and 350+ dedicated employees consistently deliver unmatched, scalable data center options – all of which leads to a best in class customer experience. For more information, visit [www.CoreSite.com](http://www.CoreSite.com).

### About Global Capacity

Global Capacity is the marketplace of networks, delivering ubiquitous network connectivity solutions via its industry-leading platform, One Marketplace. One Marketplace eliminates the complexity and inefficiency of a fragmented network market by combining an aggregated, interconnected physical network with a unique Cloud application that automates the design, pricing, ordering, delivery, and maintenance of network solutions. One Marketplace provides cost-effective, high-performance network solutions that support the exploding bandwidth requirements driven by the Cloud, mobility and globalization for wholesale and enterprise customers. Additional information can be found at [www.globalcapacity.com](http://www.globalcapacity.com) or by connecting with Global Capacity on [Twitter](#) and [LinkedIn](#).

### Forward-Looking Statements

*This press release may contain forward-looking statements within the meaning of the federal securities laws. Forward-looking statements relate to expectations, beliefs, projections, future plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts. In some cases, you can identify forward-looking statements by the use of forward-looking terminology such as "believes," "expects," "may," "will," "should," "seeks," "approximately," "intends," "plans," "pro forma," "estimates" or "anticipates" or the negative of these words and phrases or similar words or phrases that are predictions of or indicate future events or trends and that do not relate solely to historical matters. Forward-looking statements involve known and unknown risks, uncertainties, assumptions and contingencies, many of which are beyond CoreSite's control, that may cause actual results to differ significantly from those expressed in any forward-looking statement. These risks include, without limitation: the geographic concentration of CoreSite's data centers in certain markets and any adverse developments in local economic conditions or the demand for data center space in these markets; fluctuations in interest rates and increased operating costs; difficulties in identifying properties to acquire and completing acquisitions; significant industry competition; CoreSite's failure to obtain necessary outside financing; CoreSite's failure to qualify or maintain its status as a REIT; financial market fluctuations; changes in real estate and zoning laws and increases in real property tax rates; and other factors affecting the real estate industry generally. All forward-looking statements reflect CoreSite's good faith beliefs, assumptions and expectations, but they are not guarantees of future performance. Furthermore, CoreSite disclaims any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, of new information, data or methods, future events or other changes. For a further discussion of these and other factors that could cause CoreSite's future results to differ materially from any forward-looking statements, see the section entitled "Risk Factors" in CoreSite's most recent annual report on Form 10-K, and other risks described in documents subsequently filed by CoreSite from time to time with the Securities and Exchange Commission.*
