

## Level 3 Cloud Connect Solutions Available Across CoreSite Data Center Platform

November 10, 2015

*Customers Benefit from Additional Access to Secure, Private Connections with Leading Cloud Providers*

DENVER--(BUSINESS WIRE)--Nov. 10, 2015-- [CoreSite Realty Corporation](#) (NYSE:COR), a premier provider of secure, reliable, high-performance data center solutions across the U.S., announced today that Level 3<sup>®</sup> Cloud Connect Solutions are now available in all of CoreSite's [17 North American data centers](#), adding to Level 3's established connectivity across CoreSite's facilities. Through Level 3's global network connecting 500 markets and 60 countries, CoreSite's customers can access private, low latency connections to leading cloud service providers.

[Level 3 Cloud Connect Solutions](#) help businesses deploy successful hybrid cloud architectures by providing improved network performance, security and flexibility compared to the public Internet alone. Enterprises using Level 3 Cloud Connect also benefit from the ability to add or change connections between their WAN and public, private and hybrid cloud resources to best meet shifting business demands. Further, through Level 3 Cloud Connect, CoreSite's customers now have access to real-time network reporting capabilities and on-demand, scheduled or alerts-driven scalable bandwidth functionality enabled by Level 3's Adaptive Network Control Solutions.

[CoreSite's customer ecosystems](#) include a rich community of enterprise companies representing industries such as finance, healthcare, digital media and entertainment. As these enterprises grow, so too does their need for cloud solutions, including hybrid cloud, to handle primary or redundant roles for their mission-critical IT business needs. Flexible, secure networking solutions such as Level 3 Cloud Connect are increasingly important to support these critical applications.

"Having Level 3 Cloud Connect service available in CoreSite facilities highlights our commitment to providing the best available network and cloud solutions to our customer ecosystems," said Ben Green, vice president of network and mobility sales at CoreSite. "Level 3's global network provides reach and service levels that enhance the reliable, high-performance experience our customers have come to expect from CoreSite data centers."

### Forward Looking Statements

*This press release may contain forward-looking statements within the meaning of the federal securities laws. Forward-looking statements relate to expectations, beliefs, projections, future plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts. In some cases, you can identify forward-looking statements by the use of forward-looking terminology such as "believes," "expects," "may," "will," "should," "seeks," "approximately," "intends," "plans," "pro forma," "estimates" or "anticipates" or the negative of these words and phrases or similar words or phrases that are predictions of or indicate future events or trends and that do not relate solely to historical matters. Forward-looking statements involve known and unknown risks, uncertainties, assumptions and contingencies, many of which are beyond CoreSite's control, that may cause actual results to differ significantly from those expressed in any forward-looking statement. These risks include, without limitation: the geographic concentration of CoreSite's data centers in certain markets and any adverse developments in local economic conditions or the demand for data center space in these markets; fluctuations in interest rates and increased operating costs; difficulties in identifying properties to acquire and completing acquisitions; significant industry competition; CoreSite's failure to obtain necessary outside financing; financial market fluctuations; changes in real estate and zoning laws and increases in real property tax rates; and other factors affecting the real estate industry generally. All forward-looking statements reflect CoreSite's good faith beliefs, assumptions and expectations, but they are not guarantees of future performance. Furthermore, CoreSite disclaims any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, of new information, data or methods, future events or other changes. For a further discussion of these and other factors that could cause CoreSite's future results to differ materially from any forward-looking statements, see the section entitled "Risk Factors" in CoreSite's most recent annual report on Form 10-K, and other risks described in documents subsequently filed by CoreSite from time to time with the Securities and Exchange Commission.*
