

CoreSite's New York Campus Selected by Sesame Workshop to Establish a Hybrid-Cloud Deployment

September 4, 2018

DENVER--(BUSINESS WIRE)--Sep. 4, 2018-- CoreSite Realty Corporation (NYSE:COR), a premier provider of secure, reliable, high-performance [data center](#) and [interconnection](#) solutions across the U.S., today announced that Sesame Workshop, the nonprofit educational organization behind [Sesame Street](#), chose CoreSite's [New York](#) campus to establish a hybrid-cloud deployment that allows it to meet its technology requirements in a cost-effective manner.

CoreSite's New York campus was selected based on the vast availability of technologies with which to integrate, including [Microsoft Azure ExpressRoute](#), [AWS Direct Connect](#) and high-performance [dark fiber connectivity](#). CoreSite's enterprise-class [NY2](#) data center provides its customers with the ability to scale and resiliency in the infrastructure and the service offering.

"Sesame Workshop needed a data center provider that offered innovative solutions as we worked to overcome the challenges of deploying a hybrid infrastructure with the ability to integrate natively with leading cloud-service providers and an abundance of connectivity options," said Shadrach Kisten, Senior Vice President and Chief Technology Officer at Sesame Workshop. "Working with CoreSite will allow us to build out efficiently-scalable infrastructure to host our resources and intellectual properties."

CoreSite's network-dense, cloud-enabled New York data center campus is one of the best-connected and most scalable offerings on the Eastern Seaboard, supporting the operations of mission-critical data and IT infrastructure. The campus includes two data center facilities —[NY1](#), comprised of over 48,000 square feet of data center space in the heart of Manhattan, and [NY2](#), with over 236,000 square feet of data center space situated above the 500-year floodplain in Secaucus, NJ. CoreSite's New York campus hosts over 40 network service providers and provides direct access to some of the world's leading [cloud service providers](#), all with robust, low-latency network access to Manhattan, supporting acceleration of customers' IT performance while reducing customer costs.

"We are pleased to welcome Sesame Workshop to the growing and robust ecosystem of local enterprises that are leveraging the data center solutions and interconnection services that we provide to enable businesses to embrace digital transformation," said Matt Gleason, General Manager, New York at CoreSite. "Our network-dense and cloud-enabled data centers offer our customers secure and reliable data center capacity, and we look forward to supporting Sesame Workshops' technological evolution while providing a best-in-class customer experience."

About CoreSite

CoreSite Realty Corporation (NYSE:COR) delivers secure, reliable, high-performance data center and interconnection solutions to a growing customer ecosystem across eight key North American markets. Forward-Looking Statements

This press release may contain forward-looking statements within the meaning of the federal securities laws. Forward-looking statements relate to expectations, beliefs, projections, future plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts. In some cases, you can identify forward-looking statements by the use of forward-looking terminology such as "believes," "expects," "may," "will," "should," "seeks," "approximately," "intends," "plans," "pro forma," "estimates" or "anticipates" or the negative of these words and phrases or similar words or phrases that are predictions of or indicate future events or trends and that do not relate solely to historical matters. Forward-looking statements involve known and unknown risks, uncertainties, assumptions and contingencies, many of which are beyond CoreSite's control that may cause actual results to differ significantly from those expressed in any forward-looking statement. These risks include, without limitation: any adverse developments in local economic conditions or the demand for data center space in these markets; operational difficulties, including difficulties relating to information systems, internal processes and information security; significant industry competition; financial market fluctuations; and other factors affecting the real estate industry generally. All forward-looking statements reflect CoreSite's good faith beliefs, assumptions and expectations, but they are not guarantees of future performance. Furthermore, CoreSite disclaims any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, of new information, data or methods, future events or other changes. For a further discussion of these and other factors that could cause CoreSite's future results to differ materially from any forward-looking statements, see the section entitled "Risk Factors" in CoreSite's most recent annual report on Form 10-K, and other risks described in documents subsequently filed by CoreSite from time to time with the Securities and Exchange Commission.
