

CoreSite Announces Availability of Higher Bandwidth Hosted Connections for AWS Direct Connect

May 10, 2019

Expanding Hosted Connections to 1, 2, 5 or 10 Gbps of Capacity for AWS Direct Connect Through the CoreSite Open Cloud Exchange

DENVER--(BUSINESS WIRE)--May 10, 2019-- CoreSite Realty Corporation (NYSE:COR) ("the Company"), a premier provider of secure, reliable, high-performance [data center](#) and [interconnection](#) solutions in major U.S. metropolitan areas, today announced the availability of Hosted Connections with 1, 2, 5, or 10 Gbps of capacity for Amazon Web Services ([AWS Direct Connect](#)).

These capacities are available through the [CoreSite Open Cloud Exchange](#), enabling direct, private, virtual connectivity into AWS. The availability of higher bandwidth connections optimizes hybrid IT by offering customers the flexibility to select a connectivity option that meets their needs with the ability to scale bandwidth as needed.

"We're excited to expand our offering of Hosted Connections through AWS Direct Connect with bandwidth capabilities now up to 10 Gbps," said Gerry Fassig, Vice President of Sales. "With AWS Direct Connect services and CoreSite's Open Cloud Exchange, we can provide access to the cloud and multiple regions from any CoreSite location. As our customers grow their digital strategies we can serve their needs through flexible, powerful hosted or direct connect capabilities."

CoreSite is an Advanced Technology Partner in the AWS Partner Network (APN) and has been providing CoreSite customers with AWS Direct Connect services since 2011. AWS Direct Connect is a cloud service solution that makes it easy to establish a dedicated network connection from on-premises to AWS. CoreSite customers can privately access AWS Direct Connect through a cross connection or through high-performance virtual connections via the CoreSite Open Cloud Exchange.

About the CoreSite Open Cloud Exchange®

Established in 2013, the [CoreSite Open Cloud Exchange](#) is one of the first exchange platforms of its kind, built to virtually unite enterprises, networks and cloud providers, including major public clouds such as [AWS](#), [Microsoft Azure](#) and Oracle Cloud. Unlike using the public Internet, the CoreSite Open Cloud Exchange establishes direct, secure, virtual connections — enabling more control, reliability, and security for your data. Additionally, CoreSite's user-friendly online portal allows on-demand access for CoreSite customers to interface directly to virtual cloud environments. Through individualized portals, customers maintain control of data in real time, providing the scalability and elasticity essential for cloud applications and one-to-many architectures.

Forward-Looking Statements

This press release may contain forward-looking statements within the meaning of the federal securities laws. Forward-looking statements relate to expectations, beliefs, projections, future plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts. In some cases, you can identify forward-looking statements by the use of forward-looking terminology such as "believes," "expects," "may," "will," "should," "seeks," "approximately," "intends," "plans," "pro forma," "estimates" or "anticipates" or the negative of these words and phrases or similar words or phrases that are predictions of or indicate future events or trends and that do not relate solely to historical matters. Forward-looking statements involve known and unknown risks, uncertainties, assumptions and contingencies, many of which are beyond CoreSite's control that may cause actual results to differ significantly from those expressed in any forward-looking statement. These risks include, without limitation: any adverse developments in local economic conditions or the demand for data center space in these markets; operational difficulties, including difficulties relating to information systems, internal processes and information security; significant industry competition; financial market fluctuations; and other factors affecting the real estate industry generally. All forward-looking statements reflect CoreSite's good faith beliefs, assumptions and expectations, but they are not guarantees of future performance. Furthermore, CoreSite disclaims any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, of new information, data or methods, future events or other changes. For a further discussion of these and other factors that could cause CoreSite's future results to differ materially from any forward-looking statements, see the section entitled "Risk Factors" in CoreSite's most recent annual report on Form 10-K, and other risks described in documents subsequently filed by CoreSite from time to time with the Securities and Exchange Commission.
