

CoreSite Delivers SDN Inter-Site Connectivity between Markets

July 30, 2019

– Provided via the CoreSite Open Cloud Exchange –

– Available Service Rates up to 10 Gbps –

DENVER--(BUSINESS WIRE)--Jul. 30, 2019-- CoreSite Realty Corporation (NYSE:COR), a premier provider of secure, reliable, high-performance [data center](#) and [interconnection](#) solutions in major U.S. metropolitan areas, announced that it is offering SDN inter-site connectivity between seven of its [edge markets](#).

SDN Connectivity between Markets and Campuses through CoreSite's Open Cloud Exchange

With the CoreSite Inter-Site Connectivity solution customers can –

- Secure their distributed IT infrastructure with private SDN connections, versus accessing data over the Internet
- Simplify hybrid cloud architectures for multi-cloud and multi-site network capabilities,
- Improve performance and greatly reduce network provisioning times, and
- Obtain access to more than 775 network, cloud and IT service providers

CoreSite continues to broaden its product portfolio to address the evolving demands of the enterprise. As hybrid and multi-cloud architectures continue to gain prominence, demands for availability, security, performance and redundancy become increasingly important. CoreSite's Inter-site Connectivity solution will allow customers to reach additional cloud providers, as well as access multiple cloud regions from a single market.

"We are pleased to offer SDN connectivity between our markets by leveraging the [CoreSite Open Cloud Exchange](#) through the reach of its capabilities and ease of its online portal," said Maile Kaiser, CoreSite's SVP of Sales. "With the CoreSite Inter-Site Connectivity solution, we make it easier for customers to expand and connect to CoreSite's rich ecosystem of cloud and network providers as well as other enterprise organizations."

Forward-Looking Statements

This press release may contain forward-looking statements within the meaning of the federal securities laws. Forward-looking statements relate to expectations, beliefs, projections, future plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts. In some cases, you can identify forward-looking statements by the use of forward-looking terminology such as "believes," "expects," "may," "will," "should," "seeks," "approximately," "intends," "plans," "pro forma," "estimates" or "anticipates" or the negative of these words and phrases or similar words or phrases that are predictions of or indicate future events or trends and that do not relate solely to historical matters. Forward-looking statements involve known and unknown risks, uncertainties, assumptions and contingencies, many of which are beyond CoreSite's control that may cause actual results to differ significantly from those expressed in any forward-looking statement. These risks include, without limitation: any adverse developments in local economic conditions or the demand for data center space in these markets; operational difficulties, including difficulties relating to information systems, internal processes and information security; significant industry competition; financial market fluctuations; and other factors affecting the real estate industry generally. All forward-looking statements reflect CoreSite's good faith beliefs, assumptions and expectations, but they are not guarantees of future performance. Furthermore, CoreSite disclaims any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, of new information, data or methods, future events or other changes. For a further discussion of these and other factors that could cause CoreSite's future results to differ materially from any forward-looking statements, see the section entitled "Risk Factors" in CoreSite's most recent annual report on Form 10-K, and other risks described in documents subsequently filed by CoreSite from time to time with the Securities and Exchange Commission.
